I'm puzzled by this.

Here we have a GB 10p Machin.

On it is a cachet for the Lake Placid winter olympics (which took place in 1980), with the emblem of the Isle of Man in the centre, and " WINTER OLYMPICS . LAKE PLACID USA . ONE CROWN" round the periphery.

Any thoughts?

If anyone would like to offer an article, quiz, puzzle or interesting image, please send it to me.

Short news items or questions for the members would also be welcome.
